# COMPLETE LIGHTING SYSTEMS

for Off-Road applications

## ERMAX® - YOUR PARTNER FOR COMPLETE LIGHTING SYSTEMS

### Transport-Teknik A/S

- develops, manufactures and distributes a wide range of products within lighting, distribution boxes and cable systems for commercial vehicles, agricultural and off-road applications.

A unique set-up with a combination of our factory in Denmark and licensed production with our own tools at a number of selected and exclusively certified partners worldwide, offers an extensive, highly competitive and qualitative range of products.

### The Brand - ERMAX®

Founded in 1948 the Ermax® lighting technology has been manufactured for the automotive industry for almost 7 decades.

We are the partner, when it comes to understanding and fulfilling the needs of lighting being within tail lights, interior lighting, license plates and lighting, beacon lighting, side markers or work lighting – nowadays in bulb, LED as well as in hybrid technologies. These lighting components are being offered within a complete solution concept of ADR approved cables and, where required, connection

boxes as well as mounting hardware. All cables sets are configured with multiple choices of connections to guarantee the optimum service ability over the lifetime the trailer on which they will be operating.

For optimum space and safety installation, the kits can be integrated with the Ermax® homologated bumper system.

### Why Ermax® Lighting Systems ?

Partnership through quality, reliability and competence.

Our competence in partnering with you, is our extensive experience in being an OEM partner with quality and on time delivery as daily focus to ensure expectations and execution match entirely with your requirements.

All our products hold the necessary certifications for E-marking, IP-protection, ADR-approval and design protections to ensure exclusive design and durability as well as non-violation of patents.

**With reliable and planned processes you will reach your goal safely with us as partner.**

## SOLUTIONS - AS INDIVIDUAL AS YOUR TASKS AND REQUIREMENTS

### As our customer you will achieve the following

- High quality for every area
- Customized solutions
- Flexibility through modular structures
- Focus at the newest technology and innovative products with recognizable design
- Production companies with development competence under one roof

### Our lighting systems

- Wide palette including cables, plugs and lamps – all built according to customer requirements
- Incandescent, hybrid and LED technology
- ADR approved cable kits with 7 poled AMP 1.5 plugs, 15 poled bayonet plugs and 2 poled Cilck-In and Super Seal plugs
- Complete accessories programme
